Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Angleton Independent School District (the "District"), as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of August 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 18 to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements - Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the required pension schedules, and the required Postemployment Benefit Other Than Pension (OPEB) schedules on pages 15 through 24 and 81 through 89 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, required Texas Education Agency schedules, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

ANGLETON INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2022

As management of the Angleton Independent School District (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended August 31, 2022. We encourage readers to consider the information presented here in conjunction with the District's financial statements, which follow this section.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$ 75,730,973 (net position). The unrestricted net position, which represents the amounts available to meet the District's ongoing obligations to citizens and creditors, was a deficit of \$ 124,843. The deficit is not an indication that the District does not have resources available to meet financial obligations next year, but rather the result of having long-term commitments that are less than currently available resources. The District is committed to provide postemployment benefits to its employees. As a result, the District has recognized substantial liabilities in the financial statements for these benefits. As of August 31, 2022, the District had liabilities of \$ 10,324,217 for net pension liability and \$ 20,569,176 for net other post-employment benefits (OPEB) liability, which has caused the deficit balance in the unrestricted net position.
- The District's total net position increased \$ 10,972,032.
- At the close of the current fiscal year, the District's governmental funds reported combined fund balances of \$ 68,473,098, a decrease of \$ 22,434,517 in comparison with the prior year. Of this amount, \$ 30,504,332, or 44.55%, is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the general fund was \$ 43,982,662, or approximately 60.22% of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The *statement of activities* presents information for all of the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the District's government-wide financial statements distinguish the functions of the District as being principally supported by taxes and intergovernmental revenues (*governmental activities*) as opposed to *business-type activities* that are intended to recover all or a significant portion of their costs through user fees and charges. The District has no *business-type activities* and no component units for which it is financially accountable. The government-wide financial statements can be found on pages 26 through 27 of this report.

ANGLETON INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2022

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the government fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The District maintains twenty-six governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service fund and capital project fund, which are considered to be major funds. Data from the other twenty-three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report. The District adopts an annual appropriated budget for its general fund, food service special revenue fund, and debt service fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets. The basic governmental fund financial statements can be found on pages 28 through 31 of this report.
- **Proprietary funds.** The District maintains no proprietary funds
- **Fiduciary funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The District is the trustee, or *fiduciary*, for these funds and is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position that can be found on pages 32 through 33. These activities are excluded from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

Notes to the financial statements. The notes provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36 through 78 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* that further explains and supports the information in the financial statements. Required supplementary information can be found on pages 81 through 89 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining statements can be found on pages 92 through 99 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$ 75,730,973 as of August 31, 2022. Net position of the District's governmental activities increased from \$ 64,758,941 to \$ 75,730,973.

 Total net position	 <u>\$ 75,730,973</u>	 <u>\$ 64,758,941</u>

Investment in capital assets (e.g., land, buildings and improvements, furniture, equipment, vehicles, right to use leased assets, and construction in progress) less any related debt used to acquire those assets that is still outstanding is \$ 65,590,806. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* is a deficit balance of \$ 124,843. This deficit is not an indication that the District does not have resources available to meet financial obligations next year, but rather the result of having *long-term* commitments that are more than currently available resources.

Governmental activities. The District's total net position increased by \$ 10,972,032. The total cost of all *governmental activities* this year was \$ 89,829,321. The amount that our taxpayers paid for these activities through property taxes was \$ 54,016,114 or 53.6%. The amount of costs that were paid by those who directly benefited from the programs was \$ 1,311,436 or 1.3%. The costs that were paid by other governments and organizations that subsidized certain programs with grants and contributions or by State equalization funding were \$ 15,114,381 or 15.0% and \$ 24,868,586 or 24.7%, respectively.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements, bond covenants, and segregation for particular purposes.

ANGLETON INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2022

Governmental funds. The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of the District's net resources available for spending at the end of a fiscal year.

At the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$ 68,473,098, a decrease of \$ 22,434,517 from last year's combined balance of \$ 90,907,615. Approximately 44.55% of this total amount \$ 30,504,332 constitutes *unassigned fund balance*. The remainder of fund balance is *non-spendable, restricted, committed* or assigned to indicate that it is not available for new spending because it has already been classified as 1) for inventory \$ 454,075, 2) for prepaid items \$ 1,265,704, 3) for grants of \$ 1,287,742, 4) for capital acquisitions and contractual obligations \$ 14,135,041, 5) for payment of debt service \$ 8,881,637 6) for other purposes \$ 94,567. 7) for construction \$ 2,000,000, 8) for claims and judgments \$ 250,000, and 9) other miscellaneous assignments \$ 9,600,000.

The general fund is the primary operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$ 30,505,924, while the total fund balance was \$ 43,982,662. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance and total fund balance to the total fund expenditures. Unassigned fund balance represents 41.77% of the total general fund expenditures, while total fund balance represents 60.22% of that same amount. The fund balance of the District's general fund decreased by \$ 3,484,492 or 7.34% during the current fiscal year compared to last year's total general fund balance of \$ 47,467,154. Expenditures increased approximately 9.66% from prior year from \$ 66,600,571 to \$ 73,031,710.

The debt service fund balance increased by \$ 3,350,732 during the current fiscal year compared to last year's debt service fund balance of \$ 5,530,905. The primary factor contributing to this increase was an increase in local revenues in the current year.

The capital projects fund balance decreased by \$ 23,276,761 compared to last year's balance of \$ 37,411,802. The primary factor contributing to this decrease was expenditures for construction projects

General Fund Budgetary Highlights

Over the course of the year, the District recommended and the Board approved revisions to budgeted revenue and appropriations. These amendments fall into the following categories:

- Amendments during the year for unexpected occurrences.

Following is a summary of amendments made to appropriations:

- \$ 981,410 decrease in instruction
- \$ 686,152 increase in plant maintenance and operations
- \$ 4,330,000 increase in facilities acquisition and construction

After appropriations were amended as described above, actual revenues were \$ 1,890,403 more than the final budgeted amounts due to an overall increase in local and intermediate source and state revenues. Actual expenditures were \$ 1,618,303 below final budget amounts. The major portion of this positive variance was due to the decreases in expenditures in instruction, student transportation, and general administration.

MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2022

Economic Factors and Next Year's Budgets and Rates

- Appraised values used for the 2022-2023 budget increased by \$ 726 million, or 15.6%.
- The District's 2022-2023 refined average daily attendance is expected to increase to around 6280.
- The District's attendance rate is expected to be around 93.5%.
- The total tax rate for the District changed to \$ 1.2296 (\$ 0.8546 for Maintenance and Operations and \$ 0.3750 for Interest and Sinking) from the prior year of \$ 1.267 (\$ 0.8720 for Maintenance and Operations and \$ 0.3950 for Interest and Sinking).

These indicators were taken into consideration when adopting the General Fund budget for 2022-2023. The District has appropriated revenues of \$ 74,378,000 and expenditures of \$ 76,360,000 creating a deficit budget of \$ 1,982,000. The District's 2022-2023 expenditure budget has increased by 10.5% from the prior fiscal year. Certified tax values are increasing and the Board of Trustees approved giving all employees on average a 4% of midpoint raise for the 2022-2023 year.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENTAL ACTIVITIES STATEMENT OF NET POSITION
AUGUST 31, 2022

Exhibit C-2

Total fund balances – governmental funds balance sheet (C-1) \$ 68,473,098

Amounts reported for governmental activities in the statement of net position (A-1) are different because:

Capital assets net of accumulated depreciated unused in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds. The costs of these assets is \$ 332,988,225 and the accumulated depreciation is \$ 110,961,964 resulting in a net addition to net position. 222,026,261

Some receivables are not available soon enough to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds. 775,031

The government-wide statement includes the District's proportionate share of TRS net pension liabilities, as well as pension related transactions accounted for as deferred inflows and outflows of resources. Liabilities at year-end related to such items consist of:

Net pension liability	\$(10,324,217)	
Deferred outflows of resources - TRS pension	6,318,564	
Deferred inflows of resources - TRS pension	<u>(11,243,528)</u>	(15,249,181)

The government-wide statement includes the District's proportionate share of TRS net OPEB liabilities, as well as pension related transactions accounted for as deferred inflows and outflows of resources. Liabilities at year-end related to such items consist of:

Net OPEB liability	\$(20,569,176)	
Deferred outflows of resources - TRS OPEB	5,489,294	
Deferred inflows of resources - TRS OPEB	<u>(14,406,370)</u>	(29,486,252)

Deferred outflows of resources related to deferred charges on debt refundings are applicable to future reporting periods and, therefore, are not reported in the funds. 396,747

Some liabilities, including bonds payable, capital lease payable, premium on bonds and accrued interest payable are not due and payable in the current period and, therefore, are not reported as a liability in the funds. Liabilities at year-end related to such items consist of:

General obligation bonds	\$(159,292,500)	
Lease liability	(32,055)	
Premium on bonds	(11,642,688)	
Accrued interest payable	<u>(237,488)</u>	<u>(171,204,731)</u>

ANGLETON INDEPENDENT SCHOOL DISTRICT**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO
GOVERNMENTAL ACTIVITIES STATEMENT OF ACTIVITIES
YEAR ENDED AUGUST 31, 2022**

Exhibit C-4

Net change in fund balances – total governmental funds (from C-3)

\$(22,434,517)

**Amounts reported for governmental activities in the statement of activities (B-1) are
different because:**

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 43,746,105	
Depreciation expense	(6,831,862)	36,914,243

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Also, governmental funds report the effect on premiums and similar items when debt is issued, whereas these amounts are amortized in the statement of activities.

Debt issue	\$(14,205,000)	
Premium on debt issue	(1,053,999)	
Bonds principal payments	9,312,500	
Lease principal payments	37,309	
Change in accrued interest payable	(3,650)	
Amortization of bond premium	782,968	
Amortization of deferred charge on bond refunding	(59,614)	(5,189,486)

The net change in net pension liability, deferred outflows and deferred inflows is reported in the statement of activities but does not require the use of current resources and, therefore, is not reported as expenditure in the governmental funds. The net change consists of the following:

Net pension liability decreased	\$ 10,405,445	
Deferred outflows decreased	(1,480,101)	
Deferred inflows increased	(8,288,059)	637,285

The net change in net OPEB liability, deferred outflows and deferred inflows is reported in the statement of activities but does not require the use of current resources and, therefore, is not reported as expenditure in the governmental funds. The net change consists of the following:

Net OPEB liability increased	\$(998,900)	
Deferred outflows increased	1,789,377	
Deferred inflows decreased	40,459	834,936

Because some property tax receivables will not be collected for several months after the District's fiscal year ends, they are not considered available revenues and are deferred inflows in the governmental funds.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Angleton Independent School District (the "District") is an independent public educational agency operating under applicable laws and regulations of the State of Texas. The District is autonomously governed by a seven-member Board of Trustees elected by the District's residents.

The District prepares its basic financial statements in conformity with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources; and it complies with the requirements of the appropriate version of Texas Education Agency's (the "TEA") *Financial Accountability System Resource Guide* (the "Resource Guide" or "FASRG") and the requirements of contracts and grants of agencies from which it receives funds.

The following is a summary of the most significant accounting policies.

Reporting Entity

The District is considered an independent entity for financial reporting purposes and is considered a primary government. As required by generally accepted accounting principles, these basic financial statements have been prepared, based on considerations regarding the potential for inclusion of other entities, organizations, or functions, as part of the District's financial reporting entity. Based on these considerations, the District's basic financial statements do not include any other entities. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations, or functions in the District's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the District is part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the District's financial reporting entity status is that of a primary government are: that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments.

Additionally prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Board of Trustees (the "Board") is elected by the public and has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) in its GASB Statement No. 61, "The Financial Reporting Entity". The District receives support from various PTO, booster clubs and foundation organizations. None of these organizations meet the criteria specified by GASB 61 to be included in the District's financial statements. Therefore, there are no component units included within the reporting entity.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report financial information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. The *governmental activities* are supported by tax revenues and intergovernmental revenues. The District has no *business-type activities* that rely, to a significant extent, on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Interfund activities between governmental funds appear as due to/due from on the Governmental Fund Balance Sheet and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances. All interfund transactions between governmental funds and internal service funds are eliminated on the government-wide statements. Interfund activities between governmental funds and fiduciary funds are reported as receivables and payables on the government-wide Statement of Net Position.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements.

Measurement Focus, Basis Of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis Of Accounting, and Financial Statement Presentation (Continued)

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State of Texas are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Revenue from investments, including governmental external investment pools, is based upon fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. External investment pools are permitted to report short-term debt investments at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer, or other factors. For that purpose, a pool's short-term investments are those with remaining maturities of up to ninety days.

Grant funds are considered earned to the extent of the expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until the related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

The District reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund. Major revenue sources include local property taxes, state funding under the Foundation School Program and interest earnings. Expenditures include all costs associated with the daily operations of the District except for specific programs funded by the federal and state government, food service, debt service, and capital projects.

The *debt service* fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds for which a tax has been dedicated. This is a budgeted fund and a separate bank account is maintained for this fund. Any unused sinking fund balances are transferred to the general fund after all of the related debt obligations have been met. Major revenue sources include local property taxes, and interest earnings. Expenditures include all costs associated with related debt service.

The *capital projects* fund accounts for the resources accumulated and made for Board authorized acquisition, construction, or renovation, as well as, furnishing and equipping of major capital facilities. The major revenue source includes investment earnings and other resources from proceeds from sale of general obligation bonded debt.

Additionally, the District reports the following fiduciary fund:

The *custodial funds* account for resources held in a custodial capacity by the District, and consists of funds that are the property of students or others.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

Cash and Cash Equivalents

The District's cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments are reported at fair value. Fair values are based on published market rates. Current investments have an original maturity greater than three months but less than one year at the time of purchase. Non-current investments have an original maturity of greater than one year at the time of purchase.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All outstanding balances between funds are reported as "due to/from other funds". The District had no advances between funds. See Note 4 for additional discussion of interfund receivables and payables.

Inventories and Prepaid Items

The consumption method is used to account for inventories (food products, school supplies and athletic equipment) of governmental funds. Under this method, these items are carried in an inventory account of the respective fund at cost, using the first-in, first-out method of accounting and are subsequently charged to expenditures when consumed. Governmental fund inventories are offset by a fund balance reserve indicating that they are unavailable as current expendable financial resources. Inventories of food commodities are recorded at market values supplied by the Texas Department of Agriculture. Although commodities are received at no cost, their market value is recorded as inventory and unearned revenue when received in the governmental funds. When requisitioned, inventory and unearned revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (Continued)

Capital Assets and Depreciation

Capital assets, which include land, buildings and improvements, and furniture, equipment and vehicles, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$ 5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. When assets are retired or otherwise disposed of, the related costs or other recorded amounts are removed.

Buildings and building improvements, and furniture, equipment and vehicles of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building	50
Building improvements	20
Furniture and equipment	5-15
Vehicles	8-20
Right to use leased assets	5

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for *deferred outflows of resources*. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position, and deferred amounts related to pension and OPEB. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to pension and OPEB relate differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes.

In addition to liabilities, the statement of financial position includes a separate section for *deferred inflows of resources*. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. *Unavailable revenue* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the government-wide financial statements the District reports deferred amounts related to leases and deferred amounts related to pension and OPEB.

Compensated Absences

Non-duty time for exempt employees is to be taken within the same year it is earned, and any unused days at the end of the year are forfeited. Non-exempt employees must be compensated for their time. Therefore, no liability has been accrued in the accompanying basic financial statements. Employees of the District are entitled to sick leave based on category/class of employment. Sick leave is allowed to be accumulated but does not vest. Therefore, a liability for unused sick leave has not been recorded in the accompanying basic financial statements.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenditures or expenses in the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of the debt issued is reported as other financing resources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (Continued)

Net Position

Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- *Net investment in capital assets* consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- *Restricted* net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- *Unrestricted* net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance

The District's governmental funds report the following categories of fund balance, based on the nature of any limitations requiring the use of resources for specific purposes.

- *Nonspendable* fund balance represents amounts that are either not in a spendable form or are legally or contractually required to remain intact.
- *Restricted* fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers.
- *Committed* fund balance represents amounts that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Trustees prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Board of Trustees adopts another ordinance to remove or revise the limitation.

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (Continued)

Fund Balance (Continued)

- *Assigned* fund balance represents amounts that are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board of Trustees delegates the responsibility to assign fund balances to the Superintendent or his designees.
- *Unassigned* fund balance represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

As of August 31, 2022, non-spendable fund balances include \$ 361,034 for inventories and \$ 1,265,704 for prepaid items in the General fund, and \$ 93,041 for inventories in National School Breakfast and Lunch Program Fund (special revenue fund). Restricted fund balance includes \$ 8,881,637 for the debt service fund, \$ 14,135,041 for the capital projects fund, \$ 1,287,742 for the National School Breakfast and Lunch Program Fund, and \$ 94,567 for the Campus Activity Fund. Committed fund balances include \$ 250,000 for claims and judgments and \$ 2,000,000 for capital expenditures (equipment) in General Fund. Assigned fund balances include \$ 9,600,000 for other purposes in the General Fund. Unassigned fund balance includes \$ 30,505,924 in the general fund, and \$ (1,592) in the Stadium Operations Fund (special revenue fund).

In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Leases

Lessee: The District is a lessee for a noncancellable lease of equipment. The District recognizes a lease liability and a right to use leased asset (lease asset) in the government-wide financial statements. The District recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance **(Continued)**

Lease (Continued)

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of January 1 for all real and business property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. The appraisal and recording of all property within the District is the responsibility of the Brazoria County Appraisal District (BCAD), an independent governmental unit with a board of directors appointed by the taxing jurisdictions within the county and funded from assessments against those taxing jurisdictions.

The assessed value of the property tax roll on August 1, 2021, upon which the levy for the 2021-22 fiscal year was based, was \$ 4,093,034,412. Taxes are delinquent if not paid by June 30. Delinquent taxes are subject to both penalty and interest charges plus 20% delinquent collection fees for attorney costs.

The tax rates assessed for the year ended August 31, 2022, to finance general fund operations and the payment of principal and interest on general obligation long-term debt were \$ 0.872 and \$ 0.395 per \$ 100 valuation, respectively, for a total of \$ 1.267 per \$ 100 valuation.

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property Taxes (Continued)

Current tax collections for the year ended August 31, 2022 were 98.95% of the year-end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the general and debt service funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of August 31, 2022, property taxes receivable, net of estimated uncollectible taxes, totaled \$ 636,926 and \$ 280,043 for the general and debt service funds, respectively.

Use of Estimates

The presentation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reporting amounts of assets and deferred outflows of resources, and, liabilities and deferred inflows of resources at the date of the financial statements, and the reported amounts of revenues and expenditures during the period. Actual results could differ from these estimates.

Budgetary Data

Formal budgetary accounting is employed for all required governmental funds, as outlined in TEA's FASRG, and is presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. The budget is prepared and controlled at the function level within each organization to which responsibility for controlling operations is assigned.

The official school budget is prepared for adoption for required governmental funds prior to August 31 of the preceding fiscal year for the subsequent fiscal year beginning September 1. The budget is formally adopted by the Board of Trustees at a public meeting held at least ten days after public notice has been given.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund and the food service (special revenue fund). The remaining special revenue funds and the capital projects fund (if utilized) adopt project-length budgets, which do not correspond to the District's fiscal year. Each annual budget is presented on the modified accrual basis of accounting, which is consistent with generally accepted accounting principles. The budget was properly amended throughout the year by the Board of Trustees. Such amendments are before the fact and are reflected in the official minutes of the Board.

The Official Budget was prepared for adoption for the general fund, food service (special revenue fund) and debt service fund prior to August 31, 2021. The budget is prepared by fund, function, object, and organization. The budget is controlled at the organizational level by the appropriate department head or campus principal within Board allocations. Therefore, organizations may transfer appropriations as necessary without the approval of the board unless the intent is to cross fund, function or increase the overall budget allocations. Control of appropriations by the Board of Trustees is maintained within fund groups at the function code level and revenue object code level.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Data (Continued)

The Budget is formally adopted by the Board of Trustees at a duly advertised public meeting in accordance with law prior to the expenditure of funds. The approved budget is filed with the Texas Education Agency (TEA) through the Public Education Information Management System. Should any change in the approved budget be required, budget amendment requests are presented to the Board of Trustees for consideration. Amendments are made after Board approval and are reflected in the official minutes. During the year the budget was properly amended in accordance with the above procedures. The Board of Trustees approved the final budget amendment on August 16, 2022.

Encumbrance Accounting

The District employs encumbrance accounting, whereby encumbrances for goods or purchased services are documented by purchase orders and contracts. An encumbrance represents a commitment of Board appropriation related to unperformed contracts for goods and services. The issuance of a purchase order or the signing of a contract creates an encumbrance but does not represent expenditure for the period, only a commitment to expend resources. Appropriations lapse at August 31 and encumbrances outstanding at that time are either canceled or appropriately provided for in the subsequent year's budget.

The District had no outstanding encumbrances at August 31, 2022

Data Control Codes

The data control codes refer to the account code structure prescribed by TEA in the FASRG. The TEA requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide database for policy development and funding plans.

New Pronouncements

GASB No. 87 "Leases" was issued in June 2017. The statement was implemented and did not have a material effect on the financial statements of the District. The requirements of this Statement are effective for periods beginning after June 15, 2021.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position - governmental activities* as reported in the government-wide statement of net position. Major elements of that reconciliation include capital assets which are not financial resources and are therefore not reported in governmental funds, long-term liabilities, including bonds payable, which are not due and payable in the current period and are not reported as liabilities in the fund financial statement, and property taxes receivable which are included as unavailable in the fund financial statements are adjusted based on when the tax levy was made and for uncollectible amounts.

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net position balance and the change in net position. The debt payments on retirement of debt are recorded as expenditures for fund financial statements but are recorded as a reduction of debt in the government-wide financial statements. The capital asset additions are expenditures in the fund financial statements but are capitalized in the governmentwide financial statements. The fund financial statements do not include the current depreciation expense.

Another element of the reconciliation is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to the accrual basis of accounting. As indicated above, if new debt is issued, it is treated as a source of revenue on the fund financial statements, while in the government-wide financial statements; the amount is recorded as a liability. Property taxes are adjusted for the accrual basis and the unavailable revenues are adjusted based on prior year levies and current year uncollectible amounts.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 3. DEPOSITS AND INVESTMENTS**

The District classifies deposits and investments for financial statement purposes as cash and cash equivalents, current investments, and non-current investments based upon both liquidity (demand deposits) and maturity date (deposits and investments) of the asset at the date of purchase. For this purpose an investment is considered a cash equivalent if when purchased it has maturity of three months or less. Investments are classified as either current investments or non-current investments. Current investments have maturity of one year or less and non-current investments are those that have a maturity of one year or more.

Cash and cash equivalents, current investments, and non-current investments as reported on the statement of net position at August 31, 2022 are as follows:

Deposits

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a financial institution failure, the District's deposits may not be returned to them. The District requires that all deposits with financial institutions be collateralized in an amount equal to 100 percent of uninsured balances.

Under Texas state law, a bank serving as the school depository must have a bond or in lieu thereof, deposited or pledged securities with the District or an independent third party agent, an amount equal to the highest daily balance of all deposits the District may have during the term of the depository contract, less any applicable FDIC insurance.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

At August 31, 2022, in addition to petty cash of \$ 6,697, the carrying amount of the District's cash and savings was \$ 6,280,619. The financial institutions balances were \$ 7,235,829 at August 31, 2022. Bank balances of \$ 361,228 were covered by federal depository insurance, and \$ 6,874,601 was covered by collateral pledged in the District's name. The collateral was held in safekeeping departments of unrelated banks, which act as the pledging bank's agent.

In addition the following is disclosed regarding coverage of combined balances on the date of highest deposit:

Depository:

- a. Name of bank: Prosperity Bank, Angleton, Texas.
- b. Amount of bond and/or security pledged as of the date of the highest combined balance on deposit was \$ 18,171,975
- c. Largest cash, savings and time deposit combined account balance amounted to \$ 16,112,805 and occurred on February 14, 2022.
- d. Total amount of FDIC coverage at the time of the largest combined balance was \$ 361,228.

Investments

Chapter 2256 of the Texas Government Code (the Public Funds Investment Act) authorizes the District to invest its funds under written investment policy (the "investment policy") that primarily emphasizes safety of principal and liquidity, addresses investment diversification, yield, and maturity and addresses the quality and capability of investment personnel. This investment policy defines what constitutes the legal list of investments allowed under the policies, which excludes certain instruments allowed under chapter 2256 of the Texas Government Code.

The District's deposits and investments are invested pursuant to the investment policy, which is approved by the Board of Trustees. The investment policy includes lists of authorized investment instruments and allowable stated maturity of individual investments. In addition it includes an "Investment Strategy Statement" that specifically addresses each investment option and describes the priorities of suitability of investment type, preservation and safety of principal, liquidity, marketability, diversification and yield. Additionally, the soundness of financial institutions (including broker/dealers) in which the District will deposit funds is addressed. The District's investment policy and types of investments are governed by the Public Funds Investment Act (PFIA). The District's management believes it complied with the requirements of the PFIA and the District's investment policy.

The District's Investment Officer submits an investment report each quarter to the Board of Trustees. The report details the investment positions of the District and the compliance of the investment portfolio's as they relate to both the adopted investment strategy statements and Texas State law.

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District is authorized to invest in the following investment instruments provided that they meet the guidelines of the investment policy:

1. Obligations of, or guaranteed by, governmental entities as permitted by Government Code 2256.009;
2. Certificates of deposit and share certificates as permitted by Government Code 2256.010;
3. Fully collateralized repurchase agreements permitted by Government Code 2256.011;
4. A securities lending program as permitted by Government Code 2256.0115;
5. Banker's acceptances as permitted by Government Code 2256.012;
6. Commercial paper as permitted by Government Code 2256.013;
7. No-load money market mutual funds and no-load mutual funds as permitted by Government Code 2256.014;
8. A guaranteed investment contract as an investment vehicle for bond proceeds, provided it meets the criteria and eligibility requirements established by Government Code 2256.015; and
9. Public funds investment pools as permitted by Government Code 2256.016.

The District participates in Local Government Investment Pools (LGIP): Lone Star Investment Pool and Texpool. Both the Lone Star Investment Pool ("the Pool") and Texpool were established as a public funds investment pool in accordance with the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code, as amended. Lone Star and Texpool are 2(a)7 like funds, meaning that they are structured similar to a money market mutual fund. Such funds allow shareholders the ability to deposit or withdraw funds on a daily basis. Interest rates are also adjusted on a daily basis. Such funds seek to maintain a constant net asset value of \$ 1.00, although this cannot be fully guaranteed. Standard and Poor's has assigned its "AAAm" fund risk ratings to both Lone Star (Government Overnight Fund, Corporate Overnight Fund and Corporate Overnight Plus Fund) and Texpool.

At August 31, 2022, the Government Overnight Fund had a weighted average maturity of 6 days, the Corporate Overnight Fund had a weighted average maturity of 12 days, the Corporate Overnight Plus Fund had a weighted average maturity of 18 days, and TexPool had a weighted average maturity of 24 days. Although these four funds had weighted average maturities of 6, 12, 18 and 24 days, respectively, the District considers holdings of these funds to have a one day weighted average maturity. This is due to the fact that the share position can normally be redeemed each day at the discretion of the shareholder, unless there has been a significant change in value.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 3. DEPOSITS AND INVESTMENTS (Continued)****Investments (Continued)**

The District's investments in LGIP's are insured, registered, or the District's agent holds the securities in the District's name; therefore, the District is not exposed to custodial credit risk.

The following table includes the portfolio balances of all investment types of the District at August 31, 2022:

	<u>Fair Value</u>	<u>Weighted Average Maturity (In Days)</u>
Local Government Investment Pools:		
Texpool	\$ 2,210,633	24
Lone Star Investment Pool:		
Government Overnight Fund	45,437	6
Corporate Overnight Fund	1,287,946	12
Corporate Overnight Plus Fund	<u>52,563,138</u>	18
Total local government investment pools	56,107,154	
U.S. Government bonds	6,928,720	372
Municipal bonds	<u>2,518,132</u>	64
Total investments	<u>\$ 65,554,006</u>	57

The value of District portions in TexPool and Lone Star are the same as the value of the Shares. The external pooled funds use amortized cost rather than fair value in their computation of share price, such funds have daily liquidity.

Credit Risk – As of August 31, 2022, 85.59% of the investment portfolio was invested in AAAM or AAA rated LGIPs (2(a) 7 like pools), 10.57% invested in U.S. Government bonds with a Standards and Poor rated AA+ or better, and 3.84% of the investment portfolio was invested in municipal bonds with a Standards and Poor rated of AAA or better.

Interest rate Risk – As a means of minimizing risk of loss due to interest rate fluctuations, the Investment Policy requires that investment maturities will not exceed the lesser of a dollar weighted average maturity of 365 days or the anticipated cash flow requirements of the funds. Quality short-to-medium term securities should be purchased, which complement each other in a structured manner that minimizes risk and meets the District's cash flow requirements.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 3. DEPOSITS AND INVESTMENTS (Continued)****Fair Value Measures**

GASB No. 72 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GASB No. 72 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the District's assets at fair value as of August 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Governmental Activities

Governmental activities defer the recognition of pension and OPEB expense for contributions made from the measurement date (August 31, 2021) to the current year-end of August 31, 2022 and report these as deferred outflows of resources. Governmental activities also defer revenue recognition in connection with resources that have been received, but not yet earned and report these amounts as a deferred inflow of resources. Further, for governmental activities, like governmental funds, defer revenue recognition in connection with resources that have been received, but not yet earned and report these amounts as a liability (unearned revenue).

NOTE 7. LONG-TERM DEBT**Loans**

Short-term debts are accounted for through the appropriate fund, and consist of notes made in accordance with the provisions of the Texas Education Code. This District was not a party to any loan transactions during the year ended August 31, 2022.

General Obligation Bonds

Long-term debt includes par bonds, capital appreciation (deep discount) serial bonds, contractual obligations and loans. Contractual obligations are issued at parity with general obligation bonds, but carry a secondary revenue stream pledge; however, all certificates of obligation reported are tax, not revenue, supported. This debt, unlike other tax-supported debt, can be issued without a vote of the citizens. Bond premiums and discounts are amortized using the straight line method.

During the year ended August 31, 2022, the District issued \$ 14,205,000 of Unlimited Tax School Building Bonds, Series 2022, bearing interest at 2.0% to 5.0%. The bonds have a maturity date of February 15, 2045.

Bond indebtedness of the District is recorded in the governmental activities statement of net position, and current requirements for principal and interest expenditures are accounted for in the Debt Service Fund. Proceeds of long-term issues are reflected as "Other Resources" in the operating statement of the recipient fund.

There are a number of limitations and restrictions contained in the various general obligation bonds indentures. The District is in compliance with all significant limitations and restrictions at August 31, 2022.

Defeased debt. The District has defeased general obligation bonds in prior years by placing the proceeds of new bonds and the District's own resources into irrevocable trust accounts to provide for all future debt service payments on the old bonds. Accordingly, those trust account assets and the liability for those defeased bonds are not included in the District's financial statements.

NOTE 9. DEFINED BENEFIT PENSION PLANS

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). **It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C.** The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://www.trs.texas.gov/Pages/aboutpublication.aspx> ; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the system during the fiscal year.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 9. DEFINED BENEFIT PENSION PLANS (Continued)**

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates

	<u>2021</u>	<u>2022</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	7.5%	7.5%
Employers	7.5%	7.5%
Employer # 0331 - 2022 Employer Contributions	\$	1,936,355
Employer # 0331 - 2022 Member Contributions	\$	1,556,447
Employer # 0331 - 2022 NECE On-behalf Contributions	\$	2,582,117
Employer # 0331 - 2022 Medicare Part D Contribution	\$	217,204

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to.

- All public schools, charter schools, and regional educational service centers must contribute 1.6 percent of the member's salary beginning fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2020 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.25%
Long-term Expected Investment Rate of Return	7.25%
Municipal Bond Rate as of August 2020	1.95%
Inflation	2.30%
Salary Increases including inflation	3.05% to 9.05%
Benefit changes during the year	None
Ad-hoc post-employment benefit changes	None

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate

A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2021 are summarized below:

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 9. DEFINED BENEFIT PENSION PLANS (Continued)****Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At August 31, 2022, the District reported a liability of \$ 10,324,217 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's Proportionate share of the collective net pension liability	\$ 10,324,217
State's proportionate share that is associated with the District	<u>15,408,968</u>
Total	<u>\$ 25,733,185</u>

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was 0.0405404465% which was an increase of 0.0018353465% from its proportion measured as of August 31, 2020.

Changes since the prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2022, the District recognized pension expense of \$ 637,285 and revenue of \$ 61,603 for support provided by the State.

At August 31, 2021, the District reported its proportionate share of TRS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 17,277	\$ 726,833

NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS**Plan Description**

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in a separately issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at http://www.trs.state.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)**

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates

	<u>Medicare</u>	<u>Non-Medicare</u>
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65 percent of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public or charter school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

Contribution Rates

	<u>2022</u>
Active Employee	0.65%
Non-Employer Contributing Entity (State)	1.25%
Employers	0.75%
Federal/private Funding remitted by Employers	1.25%
Employer # 0331 - 2022 Employer Contributions	\$ 424,855
Employer # 0331 - 2022 Member Contributions	\$ 133,529
Employer # 0331 - 2022 NECE On-behalf Contributions	\$ 558,119

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether they participate in the TRS Care OPEB Program). When hiring a TRS retiree, employers are required to pay TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$ 5,520,343 in fiscal year 2021 for consumer protections against medical and health care billing by certain out-of-network providers.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)****Actuarial Assumptions**

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017. The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2020 TRS pension actuarial valuation that was rolled forward to August 31, 2021:

Rates of Mortality	Rates of Disability
Rates of Retirement	General Inflation
Rates of Termination	Wage Inflation

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the mortality projection scale MP-2018.

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Projected Salary Increases	3.05% to 9.05%
Healthcare Trend Rates	4.25% to 8.50%
Election Rates	Normal Retirement: 65% participation prior to age 65 and 40% participation after age 65, 25% of pre-65 retirees are assumed to discontinue coverage at age 65
Ad hoc post-employment benefit changes	None

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)****Discount Rate**

A single discount rate of 1.95 percent was used to measure the Total OPEB Liability. There was a decrease of .38 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non- employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (1.95%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Current Single Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2022, the District reported a liability of \$ 20,569,176 for its proportionate share of the TRS’s Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the Net OPEB Liability that was associated with the District were as follows:

District’s Proportionate share of the collective Net OPEB Liability	\$ 20,569,176
State’s proportionate share that is associated with the District	<u>27,558,112</u>
Total	\$ <u>48,127,288</u>

The Net OPEB Liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer’s proportion of the Net OPEB Liability was based on the employer’s contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

ANGLETON INDEPENDENT SCHOOL DISTRICT**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED AUGUST 31, 2022****NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS (Continued)**

Changes since the prior Actual Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB Liability (TOL) since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

Changes of Benefit Terms Since the Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

The amount of OPEB expense recognized by the District in the reporting period was \$ 1,521,116

At August 31, 2022, the District reported its proportionate share of TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 885,600	\$ 9,956,920
Changes in actuarial assumptions	2,278,278	4,350,000
Net difference between projected and actual investment earnings	22,331	
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,878,230	99,450
Contributions paid to TRS subsequent to the measurement date	<u>424,855</u>

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2022, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

NOTE 13. LITIGATION AND CONTINGENCIES

The District participates in numerous state and Federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at August 31, 2022 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

NOTE 14. RISK POOL PARTICIPATION

The District is a participant in the Texas Association of School Boards, Inc. (TASB) Risk Management Fund for coverage of worker's compensation, unemployment compensation, and casualty insurance.

Workers' Compensation Pool

During the year ended August 31, 2022, Angleton ISD met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Workers' Compensation Program is authorized by Chapter 504, Texas Labor Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

The Fund and its members are protected against higher than expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of \$ 2 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully funds those reserves. As of August 31, 2021, the Fund carries a discounted reserve of \$ 44,985,187 for future development on reported claims and claims that have been incurred but not yet reported. For the year-ended August 31, 2022, the Fund anticipates no additional liability to members beyond their contractual obligations for payment of contributions.

The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2021 are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 14. RISK POOL PARTICIPATION (Continued)

Liability Program

During the year ended August 31, 2022, Angleton ISD participated in the TASB Risk Management Fund's (the Fund's) Liability Program with coverage in:

- Auto Liability
- Auto Physical Damage
- School Liability
- Privacy & Information Security

The Fund was created and is operated under the provision of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

The Fund purchases stop-loss coverage for protection against catastrophic and larger than anticipated claims for the Liability Program. The terms and limits of the stop-loss program vary by line of coverage. The Fund uses the services of an independent actuary to determine the adequacy of reserves and fully funds those reserves. For the year ended August 31, 2022, the Fund anticipates Angleton ISD has no additional liability beyond the contractual obligations for payment of contributions.

The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2021, are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

Unemployment Compensation Pool

During the year ended August 31, 2022, Angleton ISD provided unemployment compensation coverage to its employees through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Unemployment Compensation Program is authorized by Section 22.005 of the Texas Education Code and Chapter 172 of the Texas Local Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

The Fund meets its quarterly obligations to the Texas Workforce Commission. Expenses are accrued each month until the quarterly payment has been made. Expenses can be reasonably estimated; therefore, there is no need for specific or aggregate stop loss coverage for Unemployment Compensation pool members. For the year ended August 31, 2022, the Fund anticipates that Angleton ISD has no additional liability beyond the contractual obligation for payment of contribution.

The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2021 are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 15. JOINT VENTURED-SHARED SERVICE ARRANGEMENTS

The District participates in a Shared Services Arrangement (“SSA”) for the hearing impaired through the Brazoria-Fort Bend Cooperative with eleven other school districts. The District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, Fort Bend Independent School District, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to Angleton Independent School District. The fiscal manager is responsible for all financial activities of the shared services arrangement. The amount of state revenues and expenditures attributable to the District’s participation is not available.

The District reimburses Fort Bend Independent School District for their share of expenditures incurred which exceed the state funded portion. Local revenues are utilized to cover these expenditures. The District included the following expenditures in these financial statements.

Expenditures:

6492	Payments to fiscal agents	\$	22,600
------	---------------------------	----	--------

NOTE 16. DEFICIT FUND BALANCE

As of August 31, 2022, the Stadium Operations (special revenue fund) had a deficit fund balance of \$ 1,592. This deficit balance will either be offset by future revenues or reimbursed by the General Fund.

NOTE 17. TAX ABATEMENTS

The District enters into appraised value limitations with local businesses under the Texas Economic Development Act (Tax Code Chapter 313). Under the Act, an appraised value limitation is an agreement in which a taxpayer agrees to build or install property and create jobs in exchange for a 10-year limitation on the taxable property value for the District’s maintenance and operations tax (M&O) purposes. The minimum limitation value varies by District. The application for a limitation on the appraised value for M&O purposes is submitted directly to the District and requires an application fee that is established by the District. Tax credits are applicable only to applications determined to be complete prior to January 1, 2014. To qualify for a tax credit, a separate application must be submitted to the District after property taxes for the last complete year of the qualifying time period are paid. The credit is for M&O taxes paid in excess of the limitation amount in each complete year of the qualifying time period. The District’s tax collector must credit the overage in equal parts over the last seven years of the agreement, but the credit in each year may not exceed 50 percent of the total taxes paid on the qualified property during that year. Any eligible amount not credited during the seven-year period are to be credited over the following three years, but the amount credited in each year may not exceed the total taxes paid on the qualified property in that year.

The District enters into property tax abatement agreements with local businesses. The abatement agreements, which were approved by the District’s Board of Trustees, call for a partial or full abatement of property taxes for a range of ten years. The agreements call for a minimal annual fee to be paid during the years of active abatement. The District has the following tax abatement agreements in place which span a total of entities as follows:

ANGLETON INDEPENDENT SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED AUGUST 31, 2022

NOTE 17. TAX ABATEMENTS (Continued)

1. The District entered in an agreement with INEOS USA LLC on December 19, 2016. In addition to the tax abatement, INEOS USA LLC has committed to the payment in lieu of taxes program. The agreement and all supporting documentation was assigned Texas Comptroller Application No. 1099. The District received supplemental payments in lieu of taxes in the amount of \$ 632,745 during the current year.
2. The District entered into an agreement with INEOS USA LLC on December 19, 2017. In addition to the tax abatement, INEOS USA LLC has committed to the payment in lieu of taxes program. The agreement and all supporting documentation was assigned Texas Comptroller Application No. 1192. The District received supplemental payments in lieu of taxes in the amount of \$ 810,460 during the current year.
3. The District entered into an agreement with INEOS USA LLC on August 20, 2019. In addition to the tax abatement, INEOS USA LLC has committed to the payment in lieu of taxes program. The agreement and all supporting documentation was assigned Texas Comptroller Application No. 1339. On May 8, 2022 the District and Judge Matt Sebesta received a letter terminating the tax abatement. A settlement agreement was filed on July 20, 2021 to receive payment in the amount of \$ 115,289 for the termination of this abatement. The District received this settlement payment of \$ 115,289 during the current year.

NOTE 18. CHANGE IN ACCOUNTING PRINCIPLES AND PRIOR PERIOD ADJUSTMENT

During the current fiscal year, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and a right to use leased asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the District's financial statements and had an effect on the beginning net position of the governmental activities.

It was also determined that prior period net position need to be adjusted for changing in general fixed assets and associated accumulated depreciation. which were not reported correctly.

The beginning net position of the District has been restated as follows:

	Governmental Activities

Independent Auditor's Report

On Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees
Angleton Independent School District
Angleton, Texas 77515

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Angleton Independent School District (the "District"), as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 9, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report
On Compliance for Each Major Program and on Internal Control Over Compliance Required by
the Uniform Guidance

To the Board of Trustees
Angleton Independent School District
Angleton, Texas 77515

We have audited Angleton Independent School District's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ANGLETON INDEPENDENT SCHOOL DISTRICT
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2022

NOTE 1 – BASIS OF ACCOUNTING

The District accounts for all awards under federal programs in the General and certain special revenue funds in accordance with the Texas Education Agency's *Financial Accountability System Resource Guide*. These programs are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in net current position.

The modified accrual basis of accounting is used for these funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e. both measurable and available, and expenditures in the accounting period in which the liability is incurred, if measurable, except for certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenues until earned. Generally unused balances are returned to the grantor at the close of specified project periods.

Commodity Supplement (CFDA 10.555) received like kind goods and no grant revenue received was reported on the schedule for the monetary value of these goods. The monetary value of goods received was \$ 219,107, while the monetary value of goods used and recognized as income and expenditures was \$ 456,289.

NOTE 2 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the District under programs of the federal government for the year ended August 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

NOTE 3 – FEDERAL INDIRECT RATE

The District does not use 10% de minimis cost rate as described in Section 200.414 of the Uniform Guidance.
